

## MISSION-DRIVEN. RESULTS-ORIENTED.

Goodwill Integrated Solutions is a mission-driven, nonprofit organization based in metro Detroit with over 100 years of operational history. We combine high-performance industrial services, including assembly, kitting, inspection, packaging, distribution, rework and reverse logistics, with a strong social mission — creating stable jobs for veterans, returning citizens and individuals overcoming barriers.

**Our track record includes proven performance across a wide variety of industries, such as:**

Healthcare

Automotive

Electrical/  
Energy

Industrial/  
Manufacturing

99.9% on time  
delivery

8 DPMO quality

Added  
Operations

### KEY DIFFERENTIATORS

#### Mission + Performance

Our clients benefit from lean, efficient execution while making a measurable, positive social impact in the community.

#### High-Mix Specialists

We excel at managing complex operations with fast changeovers, short lead times and flexible capacity to meet changing demands.

#### Teaming-Friendly

We are a flexible partner, ready to serve as a prime or subcontractor for OEMs, med-tech companies and defense suppliers.

#### Detroit Legacy

With over 100 years of continuous operations, we offer proven stability and an unwavering commitment to our community.

### FACILITIES & CAPABILITIES

- Infrastructure built to handle large-scale, complex projects with precision and security
- 140,000-sq-ft manufacturing space
- 3 shipping lanes & 14 dock doors
- Cell-based lines for scalable-runs
- Configurable lines for seasonal surges
- Flexible MOQs (Minimum Order Quantities)
- Full ERP and Integrated Inventory Management systems
- Full EDI/ASN capabilities for automotive partners
- Secure, badge-controlled entry
